# PREMIUM FEATURES

LBO Monitor &  
CamView

## FactoryView

Overall visibility  
of your entire  
production floor.

- ✓ Identify under-performing lines
- ✓ Configurable line-level dashboard to track live and historic performance
- ✓ Strategic reporting with drill-down capability

Compatible  
with:

**LineView**

## LBO<sup>TM</sup> MONITOR

Leverages the  
power of LineView  
to identify  
line balance  
improvement  
opportunities.

- ✓ Benchmark the line and measure improvements with automated process that generates a baseline score per product type
- ✓ Detect declining performance early on with live data compared against historic records
- ✓ Eliminate the need of time consuming audit with automated live data per product type

Compatible  
with:

**LineView**

## LBO<sup>TM</sup> CONTROL

Automatic  
optimisation  
of machine  
restarts and  
recovery speeds.

- ✓ Maintain the Critical Machine/Bottleneck in a running state at its rated speed
- ✓ When upstream or downstream equipment fails, maintain the Critical Machine in a running state as long as possible
- ✓ When the Critical Machine stops, restart it as quickly as possible and optimise recovery time

Compatible  
with:

**LineView**

## CIP<sup>TM</sup> MONITOR

Optimisation &  
Compliance for  
Clean-in-Place.

- ✓ Eliminating common causes of CIP failure
- ✓ Identifying savings from steps repeating and step overruns
- ✓ Reduction of effluent and cleaning materials
- ✓ Benchmarking and improved consistency with 'right first time' CIP processes and compliance

Compatible  
with:

**LineView**

## CamView

IoT-enabled tool  
for slow motion  
video capture of  
machine faults.

- ✓ Enables greater resolution of machine faults with slow-motion video playback
- ✓ Aids root cause analysis

Compatible  
with:

**LineView**

## Built-in Management Routines

Integrated meetings,  
compliance  
tracking and  
visibility of action  
effectiveness.

- ✓ Identify performance gaps
- ✓ Find cause of greatest loss
- ✓ Pinpoint required actions
- ✓ Set targets and measure effectiveness

Compatible  
with:

**MachineView  
LineView**

\*Features and availability are subject to change. Add-on modules subject to product compatibility and development schedule.
